2010

# It all starts here.

Why has the new GC2 Smart Camera System received such incredible response from golf's top instructors and manufacturers?

**It's accurate.**

Verifiable accuracies that surpass the industry's top ball flight analysis solution.

**It's capable.**

Flawless performance on every type of shot - including flops, chips and putts.

**It's versatile.**

A professional-grade ball flight analyzer, simulator, and training tool in one.

**It's easy.**

Self-leveling and free of any calibration, the GC2 is as hassle-free as it gets.

**It's portable.**

The GC2 easily fits inside any standard-sized golf bag.

But don't take our word for it.  
Just ask our Customers...

## It's a Game Changer.®

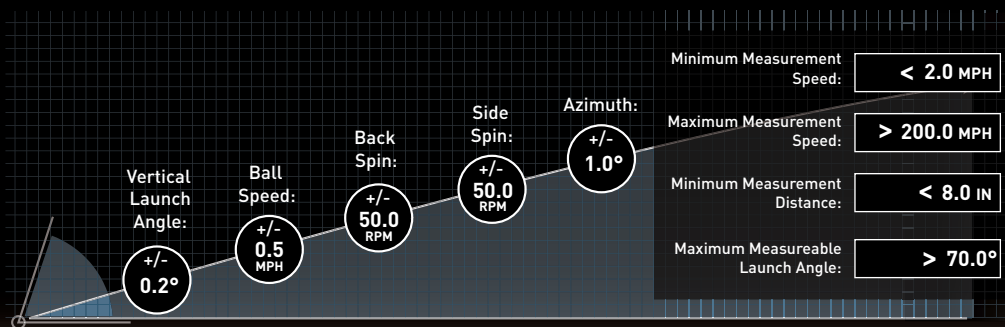

The GC2 is a portable, stereoscopic, self-leveling, smart camera system that accurately measures all ball flight parameters at launch – velocity, vertical launch angle, azimuth, back spin, side spin and total spin. All values, including carry distance, are displayed on its onboard LCD. With a rechargeable battery life of more than 8 hours and its own light source, the GC2 has unparalleled accuracy inside, outside, on grass or artificial turf.

DIMENSIONS:	5.5" x 10" x 3" (closed)	14cm x 25.4cm x 7.6cm
WEIGHT:	3.8lbs	1.7kg
BATTERY:	6-8 hour Lithium	(Rechargeable)
DATA INTERFACE:	Bluetooth / USB	

MSRP:	Includes GC2, Power Cord & Adapter, 16' USB Cable and Infrared Flash Module
Price FOB San Diego – excludes Freight, Insurance, Taxes and Duties.	

The GC2 consistently measures ball launch characteristics with the tightest tolerances in the industry.\*

Unmatched ball flight analysis data starts with unbeatable measurement accuracy, and the GC2 delivers.

In independent tests, the GC2 consistently outperformed the industry's most trusted ball flight measurement technologies.

\*Based on Ground Truth® Test-Proven Tolerance results.

# Simulation Overview

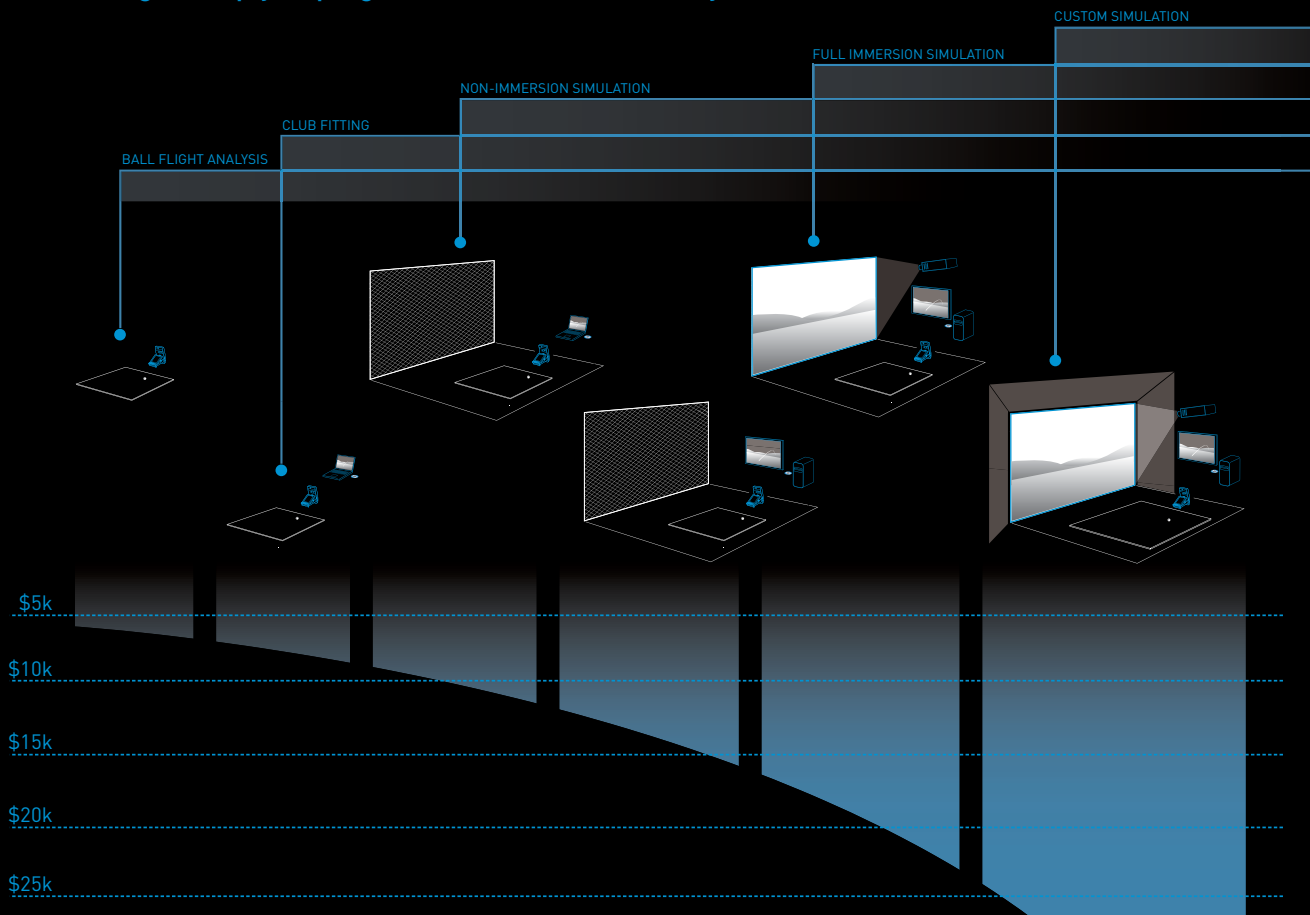

## The GC2 advantage: an experience that grows with you.

Whether you're using it indoors or outdoors, the unparalleled accuracy and versatility of the GC2 provides a new level of knowledge and experience. And beyond its performance, the simple, any-environment mobility of the GC2 provides the perfect technology platform for a simulation experience that grows with your needs and capabilities.

### We call it the **FLEXIBLE SIMULATION EXPERIENCE®**

Forget the days of over-sized, over-priced simulators that only work indoors. With the GC2, you can build the simulation experience you want. Start with the real-time analysis of the GC2. Connect it to a PC for life-like simulation and begin building your simulation studio. From a simple net to a custom-built environment, the GC2 lets you build the experience you're looking for with never-before-seen flexibility and affordability.

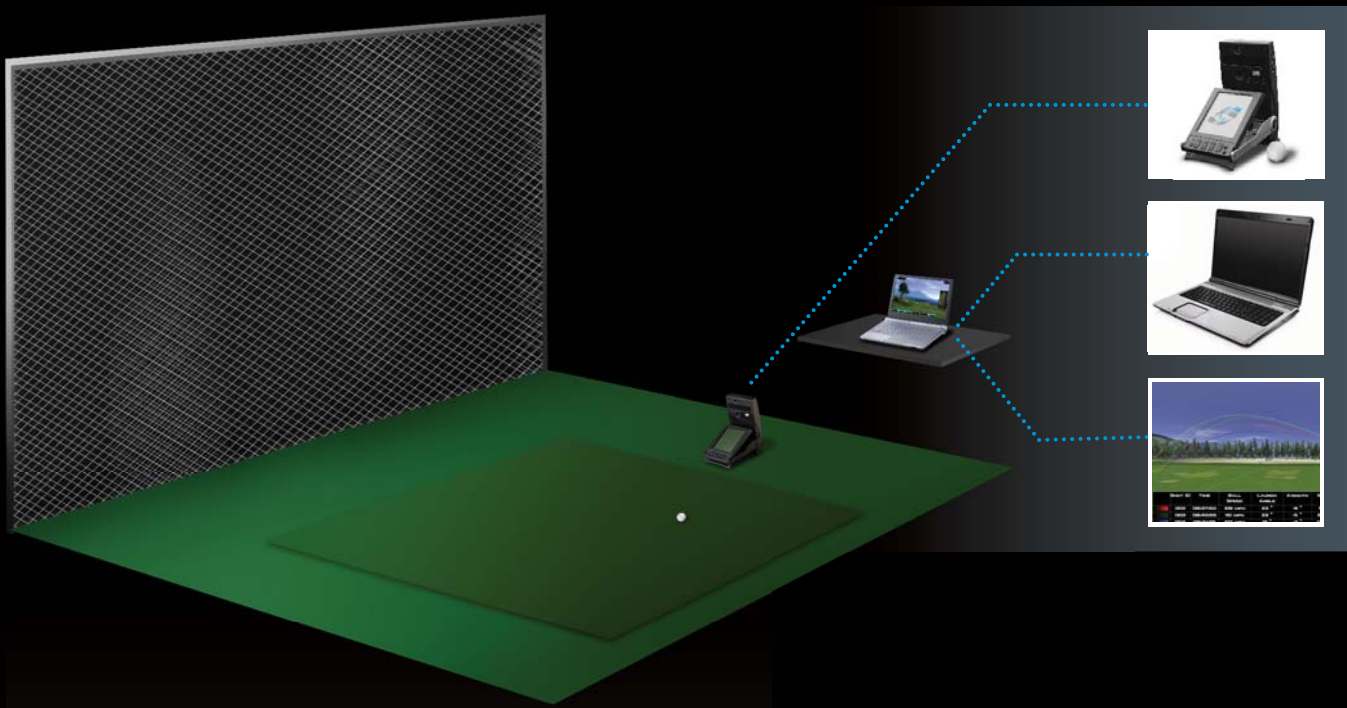

Start big or small. Scale up or down. Powered by the GC2, our **FLEXIBLE SIMULATION EXPERIENCE®** let's you build and modify the simulation environment you want. And when you're ready to hit the range, simply unplug the GC2 and take it with you.

# Indoor/Outdoor Kit

FLEXIBLE SIMULATION EXPERIENCE<sup>®</sup>

The perfect choice for professional Club Fitters and Instructors, our Indoor/Outdoor Kit provides everything needed to measure, analyze and visualize ball flight, and lets you take the first step towards building a true simulation experience.

Kit Includes:

- GC2 Smart Camera System
- One Course + Fitting Mode
- Laptop

Not included:

- Floor Mat
- Hitting Net or Surface
- Hitting Net Frame
- Installation Services

I/O KIT MSRP

Kit without GC2

\* Prices FOB San Diego – excludes Freight, Insurance, Taxes and Duties.

# International Immersion Kit

FLEXIBLE SIMULATION EXPERIENCE®

When combined with a capable PC and Projector (see pages 10-11), our International Simulation Kit delivers a bigger-than-life simulation experience.

Kit includes:

- GC2 Smart Camera System
- Five Course Package + Fitting Mode
- Locking Cradle
- Projection Screen

Not included:

- Desktop PC
- Projector
- Touch Screen / Monitor
- Floor Mat
- Projection Frame
- Installation Services

# Immersion System Kit

FLEXIBLE SIMULATION EXPERIENCE®

With everything you need to experience true-to-life, full immersion excitement, our Immersion System Kit delivers the ultimate in GC2-powered simulation value.

Kit includes:

- GC2 Smart Camera System
- Five Course Package + Fitting Mode
- Protective Cradle
- Projection Screen,
- Desktop PC
- Projector
- Touchscreen

Not included:

- Floor Mat
- Installation Services
- Projection Screen Frame

# Starter Course Package + Fitting Mode

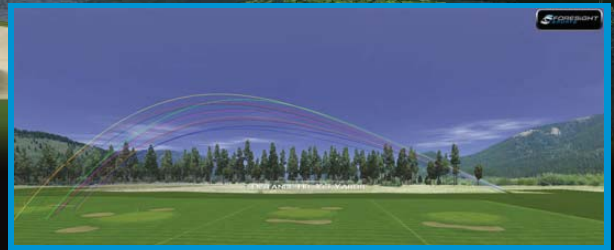

## ONE & FIVE-COURSE PACKAGE OPTIONS

Take advantage of full play and practice scenarios that offer closest to the pin, long drive and internet play options in any lighting or weather conditions you choose. As part of our 50+ championship course library, enjoy fly-bys, in-the-hole putting, replays, multiple formats and unlimited player profiles where you can save your stats, results and greatest shots.

Our fitting mode software provides a comprehensive virtual depiction of your launch condition, shot shape and down range values all in real time.

Key features include:

- Practice options from various tee positions, plus chipping & putting
- Important values including maximum height and angle of descent
- 11 strategic camera angles for rich virtual viewing
- Unlimited unique color tracers for club and ball comparison
- A "Green Grid" contour map for true green reads
- For use on all purchased virtual courses
- Save and export data to CSV files

## Projection & Screen Accessories

### Hitting Projection Screen

Our specially designed polycarbonate material is sized to your specifications and enables brilliant full-immersion simulation game play via a projected image. Recommended dimensions include those common to 16:9 or 16:10 aspect ratios for high definition projection capabilities.

### Touch Screen

Eliminate the need for a mouse and keyboard with our standard 22" wide screen touch screen. Comes with both stand and wall mount hardware.

### Projector

Our standard 16:10 wide screen projector provides a larger than life experience in high resolution.

## Replacement Accessories

### Infrared Flash Module (Replacement)

The FS640 Infrared Flash Module quickly and easily replaces your expired infrared flash.

\* Prices FOB San Diego – excludes Freight, Insurance, Taxes and Duties.

For ordering, contact us at: main: 858.880.0179 fax: 858.271.0017 email: [innovations@foresightsports.com](mailto:innovations@foresightsports.com)

# Computing Accessories

## Sim-Optimized Laptop PC

Forget the guesswork and get the most out of your club fitting and simulation course play experience with this simulation-optimized laptop.

<b>OPERATING SYSTEM</b>	WINDOWS 7 (64 bit)
<b>MEMORY</b>	3Gb RAM or greater
<b>PROCESSOR*</b>	2.0 GHZ Dual, Quad Core, or i series processors or greater (AMD or Intel)
<b>VIDEO CARD*</b>	Video Card – 1 GB RAM or greater with memory bandwidth > 25 GB/sec

\*Selection may vary depending on customer need and product availability.

## Sim-Optimized Desktop PC

Forget the guesswork and get the most out of your simulation and full immersion course play experience with this simulation-optimized desktop PC.

<b>OPERATING SYSTEM</b>	WINDOWS 7 (64 bit)
<b>MEMORY</b>	3Gb RAM or greater
<b>PROCESSOR**</b>	2.0 GHZ Dual, Quad Core, or i series processors or greater (AMD or Intel)
<b>VIDEO CARD**</b>	Video Card – 1 GB RAM or greater with memory bandwidth > 75 GB/sec ATI- Radeon HD 5770, 5830, 5850, 5870, 5970 NVideo GeForce GTX- 260, 275, 280, 295, 470, 480

\*\* Selection may vary depending on customer need and product availability.

\* Prices FOB San Diego – excludes Freight, Insurance, Taxes and Duties.

# Travel & Protection Accessories

## Elevated Protective Cradle

Our impact-tested protective housing keeps your GC2 safe under the everyday impact conditions of driving ranges, gaming facilities, and your own simulation studio. Constructed of high-strength aluminum and finished with a durable, glare-free powder coating, the FS400 accommodates floor mounting and includes a lock-accommodating access door for theft-resistant peace of mind.

Available in black only.

DIMENSIONS	12.0" x 7.0" x 12.75"
EMPTY WEIGHT	1.75 lbs
PROTECTION	BALL IMPACT, THEFT
CONSTRUCTION	POWDER-COATED ALUMINUM

## Elevated Security Cradle

The FS440 enables elevated fixed positioning for consistent alignment during simulated or full-immersion game play, and also provides locking security for the GC2.

DIMENSIONS	10.0" x 6.25" x 4.75"
EMPTY WEIGHT	0.5 lbs

## Flat Fixed Cradle

The FS460 enables fixed positioning for consistent alignment during simulated or full-immersion game play.

DIMENSIONS	10.0" x 5.5" x 1.5"
EMPTY WEIGHT	1.0 lbs

## Hard Carrying Case

Our GC2 Case is the ultimate in crushproof, waterproof and dust proof protection for your GC2. Durable, high strength plastic and custom-molded foam insure your GC2 is safe and secure under even the most adverse conditions. Available in black only.

DIMENSIONS	15" x 12" x 7"
EMPTY WEIGHT	4.5 lbs
PROTECTION	WATER / DUST / IMPACT
CONSTRUCTION	POLYPROPYLENE / FOAM

\* Prices FOB San Diego – excludes Freight, Insurance, Taxes and Duties.

For ordering, contact us at: main: 858.880.0179 fax: 858.271.0017 email: [innovations@foresightsports.com](mailto:innovations@foresightsports.com)

# FORESIGHT SPORTS

## Extended Warranty

Extend your existing Manufacturer's Warranty on your GC2 Smart Camera System with our 1-Year Warranty Extension.

## Additional Service Details

As part of our Customer Service for new customers of Foresight Sports products, Foresight Sports includes 1 hour of phone guidance / operational training on:

- The setup of computers, projectors, monitors, and environmental installations that have been provided by Foresight Sports
- The setup and installation of software products that have been provided by Foresight Sports

For services required beyond the authorized services outlined above, or for any non-warranty service on products beyond valid warranty or upon products not provided by Foresight Sports, Foresight Sports offers service at a prepaid rate of \$100 per hour for operational training on:

- The setup of computers, projectors, and environment installations
- Software tutorials
- Blueprint or CAD designs for space and specifications
- Non-warranty repairs

For a service quotation, please contact your Foresight Sports Sales Representative.

## Ready to change your game?

Contact your Foresight Sports Sales Representative today to learn more about the GC2 and our full suite of software, simulation and accessory options.
